What Do Patients Say About Us?

Here are some of the testimonials from patients about our team:

"Dear Dr. Sekhon & Staff: I just want to say thank you for all you guys have done for me. Most of all, thank you for giving me back my life. You are so wonderful and I can't thank you enough. I have been recommending you guys to everyone I talk to, and I will never forget what you've given to me." -KP, 3/17/2011

"I thank Dr. Sekhon and Lisa very much for the help they have given me. I came in the 1st day barely walking and in pain. Since my surgery I hardly have any pain in my legs and my back has become better. Every visit is nice and very encouraging, and I always look forward to seeing you again. Thanks so much for your help and god bless." Mr. KD, 2/13/2011

"My wife and I wanted to tell you how professional, caring, helpful, understanding and patient your office staff is. Your staff did what they said they would do and did it when they said they would. What a pleasant surprise, we have not had such an experience when dealing with a medical office before." -Mr. MC, 1/12/2011

"I would like to express a heartfelt THANK YOU to the entire staff at Nevada Neurosurgery. Walking in the door, I was terrified. Immediately, I was made to feel comfortable and cared for. I am now completely pain free. Thank you for giving me my life back." -Mrs. PM, 4/19/2011

"He spent over 1 hour doing this in an unbiased and easy to follow presentation that confirmed everything I already knew. His engaging and personable bedside manner was terrific and I quickly felt comfortable with him." - Mr. KN, 10/17/2010

"We cannot stress enough how wonderful our experience with Doctor Sekhon and his staff was. When we first came in we were overwhelmed and more than a little scared. Doctor Sekhon presented us with all the information of what was going on with our case in a manner that was very easy to understand. The surgery was a complete success and we could not be happier with the care before, during, and after provided to us by Dr. Sekhon and his entire staff. Everyone has been just terrific. Doctor Sekhon and his offices come with our highest recommendations and our deepest gratitude." Mr. GB, 8/25/2010

"Dr. Sekhon and his staff gave me my life back. It's been almost 4 weeks since my surgery, and I have no more nerve pain. When all the other Doctors treated me like a dollar sign, they made me feel like I mattered. They took good care of me during surgery and my recovery. They really do care and I have been recommending them to everyone I know. To anyone out there who feels like they can't go on anymore, please go see Dr. Sekhon and his staff, they will put the light back into the end of the tunnel and give you hope again. Thank you everyone, I can't thank you enough" - Ms. KP, 3/1/2011

"Doctor Sekhon saved my husband's life and he and his staff come with our highest recommendations. When we first went into his offices my husband and I were overwhelmed and more than a little scared... The surgery he performed was a huge success and the after care from Dr. Sekhon and his staff has been exemplary." -Mr. GP, 8/24/2010

"Great knowledgeable doctor and physicians assistant. Took great care of myself in surgery and recovery. Thank you for everything and will reference you all to others." -Mrs. CK, 7/22/2010

Lali Sekhon MD, PhD, FACS

Dr. Sekhon has been managing patients with spinal and neurosurgical conditions for over 20 years, since 1989. He came to Reno in 2005 having spent the previous 5 years as Head of Complex Spine Surgery in the major teaching hospital in Sydney, Australia.

Dr. Sekhon earned his undergraduate, medical degree and PhD from the University of Sydney, Australia. Dr. Sekhon completed a spine/neurosurgery fellowship at the Mayo Clinic in Rochester, Minnesota, as well as a spine/minimally invasive surgery fellowship at Toronto Western Hospital in Ontario, Canada. He is a member of the Australasian and American College of Surgeons (FRACS and FACS). He is a fellow of the American Association of Neurological Surgeons (FAANS).

Dr. Sekhon has received numerous honors and awards including the Young Neurosurgeons Award from the World Federation of Neurosurgeons and the 2000 Outstanding Clinical Research Award from the Cervical Spine Research Society. More recently he has twice achieved the AMA's Physician's Recognition Award, and the Patients' Choice Award, most recently in 2011. He also received one of the Best Doctors in America Awards for 2009-2011. He has published over 100 peer-reviewed articles, a dozen book chapters and almost 50 abstracts. He is still engaged in groundbreaking research.

Dr. Sekhon is a pioneer of spine surgery, and is recognized internationally for his expertise in artificial disc surgery, cervical spine disorders and spinal trauma. He has expertise in all manner of adult spinal disorders.

Dr. Sekhon is a member over 20 professional associations including the North American Spine Society, and the American Association of Neurological Surgeons. He is also a member of the Spine Trauma Study Group, one of only 45 surgeons worldwide.

During his career, Dr. Sekhon has presented at a multitude of national and international medical conferences. He is on the editorial board for five journals, including the Journal for Spinal Disorders & Techniques, Spine, The Spine Journal and SpineUniverse.

Dr. Sekhon teaches orthopedic and neurosurgeons throughout North America with the AO. He is also an instructor to surgeons throughout North America on spinal surgery. He is currently an Adjunct Clinical Professor for the University of Nevada, School of Medicine. When not working he devotes his time to his wife and two children.

Lisa Herz PA-C

Lisa Herz PA-C joins Nevada Neurosurgery as a third generation medical practitioner in Reno. She assists in all aspects of patient care from the office to the operating room, helping Nevada Neurosurgery to provide superior services to its patients.

Locally raised, Lisa completed her undergraduate studies at the University of California, Davis. In addition to her pre-medical coursework, she spent a year studying abroad in Spain obtaining a degree in Spanish. After leaving Reno once again for physician assistant school, Lisa is excited to be back home to carry on her family's long tradition of medicine in Northern Nevada.

In 2007, Lisa graduated with honors from Touro University in Las Vegas, earning a Masters degree in Physician Assistant Studies. She is certified by the National Commission on Certification of Physician Assistants. She has completed a fellowship in neurosurgery.

When not working she enjoys all manner of outdoor activities such as running, and skiing and biking and spends time with her family.
